## Herbaceous perennials, alpines and ground cover plants - main season March to October

|   | Flower colour               | Height      | Flowering time  | Position                        |                                  | Pot size, price   |
|---|-----------------------------|-------------|-----------------|---------------------------------|----------------------------------|-------------------|
| <i>Most herbaceous perennials die back in the winter meaning they lose their foliage and will reappear in Spring. We'll have a full list again from March 2024. Our herbaceous perennials are grown outdoors or in unheated polytunnels to maintain natural hardy growing habits.</i> |                             |             |                 |                                 |                                  |                   |
| Ajuga 'Caitlin giant'   | Purple                      | 30 cm (12") | Spring          | Moist, shade                    | Good bee plant                   | 2 li pot £4.50    |
